**“The strongest people make time to help others, even if they’re struggling
with their own personal demons.”**

We would like to extend our heartfelt gratitude to “Swadharma Charitable Trust” for organizing a cancer screening camp for the teachers and parents of our school. Our trust’s efforts in arranging this camp have been highly appreciated by our community.

The cancer screening camp was a valuable initiative, providing our teachers and parents with an opportunity to undergo important health checks in a convenient and supportive setting. We believe that such health awareness and screening programs are crucial for early detection and prevention. We extend our heartfelt gratitude to Penn Nalam Hospital and Aan Nalam for their outstanding service.

The following tests were conducted by them for all the participants: BP, BMI, HPV Test, Breast Examination, X-Ray Mammogram, Hemoglobin, and Random Sugar tests. A total of 114 women took the tests. Of these, Pap smears was done for 110 women and mammograms for 44 women.

Prevention is better than cure." Yes, in this rural area, many people aren't aware of cancer screening. Thank you for arranging this health check-up.

Thank you again for your collaboration and for contributing to the well-being of our school community. We look forward to potential future collaborations for more health-related initiatives.

Yours in the cause of Education.
